

REFERENCES

**REGULATORY TESTING FACILITY-  
ELECTROMAGNETIC COMPATIBILITY (EMC)**

**(semi)  
Anechoic  
chamber**

**Tests in open area conditions**

- Radiated emission or immunity tests
- According to European or international applicable standards and requirements
- On devices dedicated to residential, commercial, aeronautics, automotive, defense, use ...
- Pre-compliance or full compliance tests
- High Intensity Radiated Fields (HIRF)

**Solutions**

- Faraday cage
- Electromagnetic absorbers
- High / low currents
- Filtered feedthroughs
- Interior fittings
- Positioners
- Easement interfaces
- Integration of equipment and instrumentation

**Scope**

 Design	 Studies	 Manufacturing	 Installation
 Upgrade refurbishment	 Moving, maintenanc	 Measurements	 System integration
